

# A-Tech Hydra-Block

## Concrete & Masonry Sealer

Hydra-Block penetrates up to 4" into concrete, concrete block and masonry. The substrate becomes vapor impermeable and reduces dampness in a basement.

### Benefits:

- Stops water vapor and soil gasses
- Maintains surface appearance
- 100% vapor impermeable
- Radon gas preventer
- Improves basement air quality
- Hardens brick and concrete
- Water-based formula
- Reduces dusting

### Sizes:

- 1 Gallon Jug
- 5 Gallon Pail

### Where to Use:

- Concrete and Masonry
- Vertical walls
- Horizontal areas

### Use on:

- Concrete
- Concrete block
- Masonry
